Terminal Type

- A Two #18 gauge lead wires
- B Two 1/4" male quick connects
- C Two #8 screw terminals
- D Connectors (specify in comments)
- E Other (specify in comments)

Specify lead length in inches

Application: New Product Existing Product

Thermostat Function High Limit (Safety) Temperature Control Regulating

Electrical Load: _____ Volts AC DC _____ Amps Resistive Inductive

EAU (Estimated Annual Usage) _____

Production Start Date: _____

Comments: _____
